

GOING DEEPER AT HOME

JAN 15: WHAT'S THE POINT?

The second physical law of balance is the law of a clear objective. When it comes to balancing a stick on your hand the clear objective is to keep it balanced. When it comes to finances our objective can be to save as much money as we can, earn as much as we can or spend as much as we can. While many of us never say it, we live with the goal of spending as much as possible. But God invites us to see a totally different objective when it comes to money, that we honour Him.

SCRIPTURE:

1 Chronicles 29:10 - 15
